EXPERIENCE

BAIN & COMPANY, INC. — **Dallas, TX**

2026 Summer Associate

- Owned end-to-end growth strategy and P&L frameworks for national retailer; modeled cost-vs-selection trade-offs, identifying $175M revenue uplift and driving ~5% topline growth
- Architected media spend allocation framework optimizing $25M budget on ROAS and CAC; drove +350bps market share expansion, securing #1 sub-category position within 6 months
- Drove retailer's channel optimization from offline-first to omnichannel model; redesigned category investment across 500+ SKUs, driving ~8% basket size growth in 3-city pilot
- Led category selection and pricing across 5 categories; negotiated supplier terms to reduce COGS, delivering $12M run-rate efficiencies and elevating in-store CX
- Built AI-powered governance tool automating workstream tracking and business process reporting; drove adoption across 15+ teams in 2 weeks, accelerating ramp-up 20%
- Crafted executive narratives for client CEO and Bain partners; distilled complex cross-functional data into actionable storylines, converting skeptics into boardroom advocates

UBS ASSET MANAGEMENT — **Taipei, Taiwan**

2021-2024 Operational Specialist – Project Leader of Finance Transformation & Planning, 2024

- Partnered with B2C digital marketplace leaders across APAC to co-develop channel monetization strategies; influenced COO decisions driving $47M in annual retail revenue
- Led finance operations transformation; redesigned procurement processes across digital platforms, cutting processing time 46% and unlocking $1.2M in efficiency gains
- Built forecasting models for 3 fund launches at 90%+ accuracy; equipped sales teams to secure $6.5M inflows within 3 months, sustaining 20% AUM growth
- Drove digital transformation automating transaction processes; reduced processing time 25% across APAC regional systems, saving $1.2M annually

Fund Accountant – Financial Modeling, Valuation & Performance Analytics, 2021-2023

- Developed real-time sales dashboard integrating APAC data across 12 KPIs; enabled strategic P&L decisions driving $45M in annual sales
- Coordinated regulatory, operations, product teams to streamline approvals and accelerate capital deployment; improved client onboarding 50% and 33% investment growth

HUA NAN COMMERCIAL BANK — **Taipei, Taiwan**

2020-2021 Digital Banking Intern – Channel Strategy & Partnerships, 2021

- Spearheaded digital transformation by launching AI chatbot, tripling online service capacity and driving 18% growth in app downloads within 3 months
- Secured management buy-in to shift 25% of ad spends to digital platform to align with competitor benchmarks, driving sustained profit growth and improving ROI by 11%

Risk Control Intern – Investment Performance Modeling and Risk Analytics, 2020-2021

- Built automated analytics pipeline to consolidate $7B in portfolio data, enabling real-time investment tracking across 120+ funds and reducing margin variance by 15%
- Analyzed revenue and client data to refine coverage models, benchmarking fund performance and investor sentiment, driving 15% revenue uplift during market downturn

ADDITIONAL

- Languages: Mandarin (native); English (fluent); German (fluent)
- Technical skills: Excel VBA, SQL, Tableau, Power BI, R, Python
- Co-developed sustainable sourcing initiative converting waste coffee grounds into commercial "coffee-nylon" textile; managed material sourcing and supplier feasibility with Chemical Engineering team
